Dehumidifier

Whole-Home **Humidity Control**

Healthy Air

Controlling humidity in your home helps reduce the survival rate of airborne viruses.

Remove Odors

Musty smells in the home are an indicator that something's wrong. Controlling humidity curbs the growth of odor-causing mold and mildew.

Preserve Your Home

Too much moisture can negatively impact your home's insulation, wood floors, and foundation.

Invest in a Long-Lasting, Energy-Efficient Dehumidifier

Portable dehumidifiers need to cycle on and off more frequently, causing their compressors to wear down rapidly. AprilAire whole-home dehumidifiers are designed to control high levels of humidity efficiently, safely, and inexpensively.

Save Up to \$216 Annually on Your Electric Bills

AprilAire dehumidifiers use less energy and dehumidify homes more efficiently, saving you money on your energy bill when compared to portable dehumidifiers.
